That Time I Got Reincarnated as a Slime

Official Skills Database & Library Quick Reference Guide

In the world of Tensura, the Voice of the World registers and regulates all skills. Every verified ability is categorized under specific tiers (Unique, Ultimate, Extra, etc.) with predefined sub-skills, operational pros, and technical cons. This document serves as a structured reference layout of the central system library database.

Skill Name & Type	Core Abilities	Pros (Advantages)	Cons (Limitations)
Great Sage *(Unique Skill)*	• Thought Acceleration • Analysis & Appraisal • Parallel Calculation	Provides perfect tactical awareness and an automated auto-battle mode.	Lacks human emotions or personal desire; strictly analytical.
Beelzebuth *(Ultimate Skill)*	• Predation • Stomach (Storage) • Soul Gluttony	Can absorb any magical attack and consume souls to gain new powers.	Requires high magicule consumption; cannot consume stronger souls easily.
Raphael *(Ultimate Skill)*	• Alter Truth • Synthesize/Separate • Future Attack Prediction	Accelerates thought by 10 million times. Can evolve other skills.	Bound by the cosmic laws of the Voice of the World unless modified.
